**ANN SACKS® VISAGE REFLECTS HIGH-STYLE, GLAMOUROUS DESIGN**

**PORTLAND, Ore.** (April 26, 2011) – ANN SACKS, a premier manufacturer and distributor of tile, introduced Visage, a unique antiqued mirror tile at the 2011 Kitchen and Bath Industry Show in Las Vegas. Taking its cues from 18<sup>th</sup> and 19<sup>th</sup> century mirrors, Visage provides an authentic tile of remarkable beauty.

Visage is created by employing an early 19<sup>th</sup> century technique known as the bath jug method, which incorporates silver and tin to achieve shimmering results. Recycled base glass is used, which has too much surface undulation to be appropriate for mirrors; however, infuses just the right amount of dimension and reflective qualities to make it a stunning tile.

Available in a 4x8 field, Visage is suitable for all dry, interior spaces. The soft grey tones and silvery depths make it an excellent choice for a show-stopping feature wall or just the right amount of sparkle to elevate and energize a backsplash or fire surround.

Founded in 1981, ANN SACKS has built its reputation with inspiring designs in tile, stone, plumbing, lighting and accessories. Based in Portland, Ore., the company is a division of the Kohler Co. Interiors Group, a wholly owned subsidiary of Kohler Co., which also includes Kallista plumbing, Baker Knapp & Tubbs, Inc., Baker furniture, Baker Knapp & Tubbs Showrooms and Baker Stores, McGuire Furniture Company, and Mark David hospitality furniture.

Founded in 1873 and headquartered in Kohler, Wis., Kohler Co. is one of America's oldest and largest privately held companies. Kohler is a global leader in the manufacture of kitchen and bath products, engines and power generation systems, cabinetry, tile and home interiors, and international host to award-winning hospitality and world-class golf destinations.
